Annual School Picnic to be Held Saturday, June 11

At a special meeting of the P.T.A. held Monday night last, plans were made for the annual Arrowwood School Picnic. The date was set for Saturday June 11th and will be held at the picnic ground by the Bow River. Vans will assemble at 10 o'clock and from the school all will leave for the river, where a big day of fun and sports has been planned for the school children. An invitation to fathers and pre-school children is cordially given.

Mr. C. E. Johnston and Mr. H. McCullough were asked to look after the sports and \$7.00 were voted for prizes in sports. Mrs. Leonard and Mrs. Hesketh were appointed to assist the teachers in arranging the lunch.

June being the wind-up of the P.T.A. year, the meeting will be held at the home of Mrs. Leonard on Monday, June 20th, and will take the form of a social evening.

C.P.R. Announce Special Low Fares for King's Birthday

Special low rate fares, good from noon June 2 to midnight June 6, have been announced by the C.P.R. for the King's birthday holiday. The special rate has been arranged to permit travellers to take advantage of the long week-end, the holiday falling on a Friday. Going portions of the tickets will be good from noon Thursday till noon on Sunday and the return portion good until midnight Monday.

The Province of Alberta produced 22,957,922 lbs. of butter in 1931, or more than 600,000 lbs. above the previous high record in 1924.

Dance Revue June 10th

A Dance Revue will be presented in the school at 8 p.m. on Friday, June 10th, by the dancing class of Misses I. Mackie and I. MacLeod. The pupils as well as their trainers have worked very hard to prepare an entertaining program. These young performers have assisted in various entertainments during the past winter and their numbers have always delighted their audiences.

PROGRAMME

Opening Chorus—Toymaker's Dream
Blowing Bubble—Song and Dance
Apron Song
Hickory Dickery Dock
Piano Solo
"Alas and Alack" Action song
Crested Hen—dance
Recitation—Gladys Leonard
Sunbonnet Sally and Overall Jin
Swedish Clap Dance
Sleepy Town Express—dance
The Rag Doll's Birthday Party

A Thrilling Event in a Boy's Life --- Summer Camp

W. Blackwell Electrocuted Near Gleichen

Coming in contact with a power line that shot 30,000 volts of electricity through his body, William Blackwell, district official of the Calgary Power Co., was instantly killed at 10 o'clock Sunday morning at Teide's Corners, 15 miles northwest of Gleichen.

Mr. Blackwell, who in 4 years had risen from workman to branch manager of the power lines, was working on an emergency job at the Corners, along with J. Clarke and H. Hunter. He had just cut off the Rockford line which crosses the Bassano line at the junction, and was proceeding on the latter wires. He apparently failed to cut the current at the switch for he was electrocuted as his hands touched the wires.

The late Mr. Blackwell was 33 years of age, and had resided in Strathmore for ten years prior to going to Gleichen during the past year. He was born at Cochrane, Ont.

He was well-liked and power officials spoke highly of his ability and was popular with his workmen.

He is survived by a wife and three small children, in Gleichen, one sister and an aged mother in Ontario.

Ace Quintet Wins Sports Day Honors

The Aces fought gamely last Saturday to win their second match with Milo High School by a score of 7 to 5.

The score at the end of the first half was 4 to 2 in favor of Milo. The Aces needing only two points to even the score, went back into the game to renew their efforts against the rough playing five of Milo. The Aces scored three points in the first few minutes of play taking the lead from the half the end of the game.

Milo made frequent changes in order to check the Aces, but were unable to get by the squad.

During the second half D. Vancil broke into a point-getting dash, and was well assisted by her team mates.

Aces—H. Vancil, D. Vancil 5, F. Norton 2, Ruth Beagle, Carol Chrestenson, Sarah Duncan

Milo—P. Morseth 1, A. Anderson, L. McIntyre 4, M. Thomas

Above is pictured one of the greatest and most thrilling events in a boy's life—the summer camp. Never until he attends a boys' camp does he realize fully the nearness of God in all he does, and in no place does the boy Jesus seem nearer in his young life than around the camp fire under a starry sky.

You parents, whose boy has been to camp have noticed on his return, a great change in him. He has gained in experience, seems to have taken on a more serious business-like or more "grown-up" air; he more readily thinks of things to do, has become more of a sportsman, able to take victory modestly and defeat smilingly; in fact like the boy Jesus, he has "increased in wisdom and stature and in favor with God and man."

Perhaps some of you boys do not know the attraction of outdoor life as represented in the boys' summer camp.

An early morning plunge in the lake, a hearty breakfast, a quiet talk in the shade of towering trees on the boyhood of Jesus, then instruction in rope-tying, competitive sports, another swim, dinner and a rest hour in which to sleep, make new friends or play the banjo or harmonica — the morning has passed too quickly.

Then comes a long hike through the woods or a treasure hunt, or a nature study hike, the last swim of the day the evening meal, then a baseball, softball or football game and as a climax to the whole day—the camp fire. This is the best part of the day. The blue sky studded with stars, a silvery moon shining through the trees a bright log fire, merry laughter, joyous songs and encouraging talks by the leader—all combine in a striking manner that appeals to the heart and soul of every real boy.

The day is o'er, the wind moans through the trees. Where hurrying feet and laughing voices filled the day, only silence reigns, God's in his heaven, all's right with the world.

Your boy wants to come, Why not let him? The cost is small—only four dollars for seven days of the best holiday you can possibly give your boy.

The date will be announced later and registration forms will be sent out within the next three weeks.

Referee—R. Burris

Lake MacGregor Scene of Sports Day Last Saturday

Participating in Junior U. F. A. day last Saturday held at Lake MacGregor were locals from Mayview, Reid Hill, East Milo, Queenstown and Arrowwood. The crowd was not as large as probably would have been, due to weather conditions the day before, but was large enough to assure enthusiasm in sports. The sports day was sponsored by the Marquis Athletic Association.

The meet began at 11:30 a.m. with a hardball game between Queenstown and Milo. The game was interesting till the fifth inning when Milo took the lead to assure their victory which was 16 to 10. Following the game each local went for a picnic lunch.

Another very interesting feature of the day was the two aeroplanes from the Warr and Allan Airways in Lethbridge. They were busy all afternoon taking up passengers and among those that were air-minded, Arrowwood have a few. So interested were they that they forgot the games and watched the maneuvers.

Following lunch the races were run off and about two hundred witnessed some keenly and closely contested events which were filled with many entries. Milo and Mayview taking the largest number of points in the races.

The following was the program sponsored.

50 yard dash, girls.
100 yard dash, boys.
220 yard dash, girls.
880 yard dash, boys.
Basketball throw, girls.
Running broad jump, boys.
Running broad jump, girls.
Standing broad jump, boys.
High jump, boys.
Relay race

All were interested in the basketball throw. From Arrowwood were the main entrants, and the honor of taking first prize went to Jean MacLeod.

During the later part of the sports a basketball game between Milo High School and Arrowwood took place. The game was interesting and the crowd was excited till the last. The teams were very evenly matched. Arrowwood won 7-5.

Immediately after the basketball game a softball game be-

(Continued on page 3)

Arrowwood Sports Day Postponed till Saturday, June 18

Owing to the unsettled condition of the weather and bad roads the local Committee have decided to postpone the Sports day to Saturday, June 18. An excellent program has been arranged. There will be childrens Sports in the morning, Baseball Basketball and Horse Shoe Tournaments in the afternoon. In the evening the final baseball game will be played, followed by a Grand Dance in MacLeods Barn. Keep this date in mind, bring the family and enjoy a real holiday.

Admission to the grounds is 50c for adults for the entire day School children free.

School Board to Meet

The Board of School Trustees of the Arrowwood School District will meet at the School House on Saturday, June 4th, at 2 p.m. Teachers' reports and contracts will be discussed.

All ratepayers interested are invited to attend.

M. MURRAY, SECRETARY.

School Notes

The High School just purchased two new baseballs and another bat.

The first casualty of the season was experienced Monday when Kenneth Vancil sprained his ankle. We hope to see him soon on the ball diamond.

A very interesting debate was put forth by four of the high school pupils at the last meeting of the Literary Society. The Resolution "Resolved that Canada is bound to be more and more influenced by United States," was ably supported affirmatively by Marjorie Leonrad and Donald Vancil while the negative side was supported by Malcolm Taylor and Victoria Barron. Both sides showed that they had spent much time in preparation and after carefully weighing both arguments the judges awarded the decision to negative side because of better delivery and a sounder argument.

The high school wish to thank Mr. Culp, Mr. Bishop and Mr. McCullough for acting as judges. Several other numbers very ably presented by pupils of the rooms were:

1 Violin and Piano duet—Boynton and Carol Chrestenson
2 Song—Mildred Irwin and Irene Kelly
3 Song—Jean McLeod

The meeting was adjourned with the singing of O Canada.

May standings:

Come Let Us Be Merry

On June 18 we are to celebrate again this year. May the weather be suitable for the occasion.

The radio has literally made the world a whispering gallery and the future seems to hold endless improvements. Only a fool would try to weigh exactly its many values. They are boundless. We are immeasurably wealthier than our fathers because of its use.

Last week there met in Edmonton, two hundred and forty-six ministers and laymen from all parts of Alberta. The Conference was most successful. But special speakers and reports of committees did not give more inspiration than the shaking of hands and the exchange of words of greeting. Men and women bound together in a common purpose discovered a blotting out of time and distance that even radio could not create.

And many whom we rarely or never see except on such occasion will be there Sports Day. Many will win prizes but the greatest prizes of all may be won by everybody - the good fellowship of such times. But these gatherings do not just happen. All honor is due to the little group who organized and will put across the program. Such gatherings are most essential in our day. There are plenty of mechanical instruments. This is the opportunity for a personal get-together. May it be a great day.

UNUS SOLUS

No Place for Youths

What are the new crop of student graduates from high schools and universities going to do? Where is there a job for them to do, a niche in which they might fit?

These boys and girls have been expensively trained—costly to the taxpayers in general and the parent in particular and now they are ready to set out in life. And there is no place for them to go!

It is tragedy enough to see an adult without work. But the adult has knocked around for years and has seen the colors fade from his youthful rainbow. But here are young boys and girls starting out under a bow crepe. Not for them the keen sweet joy of bright adventurous hope! They are launched into a world suffering under the worst depression history has recorded. They see gloom and suffering, hardship, unemployment and privation on every side.

The youths of today are unfortunate. They are as deserv-

ing of sympathy as any group of young people ever were.—Hanna Herald.

Prizes for Essay on Holstein Cow's Merits

Alberta Holstein association is putting on an essay competition for the most informative and best essay on The Holstein Cow as an Economical Producer of Milk and Fat, and Why She Is the Best Farmer's Cow. The competition is open to any person in the province under 20 years of age.

There are three districts. No. 1 is south of the C.P.R. main line. No. 2 north of the main line to the Lacombe-Coronation line. No. 3 is all north of the Lacombe-Coronation line.

There are \$30 in prizes for each district and a grand prize of \$10.

Essays are not to exceed 500 words and to be judged on 80% for material and 20% for composition.

Headaches

There is a wide variety of reasons for headaches. They occur at all ages and are far more common among young children than is generally suspected. The occurrence of headache means something is wrong somewhere in the body. There is an acute and very painful form of headache known as "migraine," which appears to run in families.

Eyestrain is probably the most common cause of the condition. It is not necessary for the person to do what is known as close work to suffer from eyestrain. As long as the use of the eyes causes abnormal strain, whether this be from near or distant work, or from poor lighting, headache is to be expected as a result.

Inflammation causes pain, and so it is that any inflammation in the head or in parts which are close to the head is often felt as a headache. Inflammation is usually due to infection in the head; the common sites of infection are the sinuses and the teeth. Headache may therefore be associated with infected teeth or with sinus disease.

As one symptom, headache occurs in very many diseases, particularly those in which there is high fever. When there is some important organ of the body not functioning properly one evidence of how the whole body may be upset is the occurrence of headache. So it is that anaemia and nephritis give rise to headache.

Increased pressure within the head causes pain. The pain may be due to increased blood-pressure or to some other growing tumour. In either case, there is headache.

There is a considerable difference in the susceptibility of individuals to headaches. Some people seldom, if ever, have a headache, while others develop a headache from the slightest disturbances. Why this is so

we do not know. Those who are prone to headaches may suffer from them as a result of lack of fresh air, undue excitement, worry or fatigue.

Headaches are often associated with constipation. There are those who believe that such headaches are due to the absorption of toxic or poisonous material from the bowel,—auto-intoxication. However, it is a common experience that headaches of this type are quickly relieved when the bowels move which indicates that the headaches result from the pressure of the overloaded bowel rather than from the absorption of toxins or poisons.

Headaches should be accepted as a warning. If the headache is severe, if it persists or recurs the case should be brought under medical care. The pain may be dulled by self-prescribed drugs, but proper treatment is required to find what is responsible and to remove or correct the cause, rather than the headache itself, which is only a symptom.

Every indication points to a serious crop ravage this year, according to Dr. H. L. Seaman. Dominion Government entomologist. Pale western cutworms which caused a heavy crop loss last year in southeastern Alberta are hatching quite unharmed by the storms, he stated. Cold weather and storm have only delayed hatching and the cutworms will develop more evenly and infestation of infected fields will be more concentrated, he claimed. Dr. Seaman said besides the peril from pale western cutworms, there is another menace in the increase of two other species, the army cutworm and the early cutworm. Infestation of six cutworms per square yard is sufficient to completely destroy a field in a dry season, he estimates. If the season should happen to turn out wet an infestation much greater will cause little or no loss.

Don't Forget--

We always appreciate receiving news items ---that is what makes a local Paper interesting.

Why did the agent speak of that property as a parcel?

Because it is tied up, I suppose.

**Lake McGregor Scene
of Sports Day**

(Continued from page 1)

tween Arrowwood and Mayview was played. The game was interesting and Mayview fought gamely to overcome the smooth playing of the Arrowwood team but could not, due to the hard hitting of the winning team. The line-up that brought the honors to Arrow-

wood was: E. Mason c., R. Burris p., M. Bowman 1st b., J. Dumka 2nd b., F. Mason 3rd b., E. Norton s.s., R. Johnson r.f., J. Clark l.f., D. Vancil c.f.

At 6.00 p.m. the playoff game between Arrowwood and Milo in baseball was the most interesting event. A large crowd of farmers and towns people drove out to witness the game. The teams were evenly matched and it was anyone's game till the last inning, although Arrowwood took the lead in

the first inning and held it till the last, the score ending 3-2.

The local Junior U.F.A. took their share of the winnings throughout the day and the following were the honors brought home to the town: The basketball game won by the Aces, softball and hard won by the boys.

The sports were enjoyed by all and they adjourned to the evening entertainment held in Milo and that brought to a conclusion the Junior U.F.A. sports day.

**Wheat Bonus
Expires June 15**

Announcement to all licensees issuing the federal five cent bonus on wheat that the bonus expires on June 15, has been issued by the Board of Grain Commissioners for Canada. Any grower claiming bonus must deliver the wheat on or before June 15 to a licensed elevator, commission merchant, track buyer or grain dealer.

W. G. Chester, dean of Canadian railroad veterans, has just retired, in Winnipeg, after 25 years in the service of the Canadian Pacific Railway and another 25 with the Brotherhood of Railway Conductors.

Excursions run by the Canadian Pacific Railway between various points in Eastern Canada have met with unqualified success. To date, some 17,000 persons have been carried on visits and holidays, over different week-ends, by this means.

The 1931 census shows 728,444 occupied farms in Canada, or 17,164 more than were shown when the count was taken in 1921. Quebec, Manitoba, Saskatchewan, Alberta and British Columbia are responsible for the increase, with the last-named in the lead.

Here and There

Anticipations are that there will be an attendance of 500 Rotarians at the district convention to be held at the Cornwallis Inn, Kentville, N.S., June 1 and 2. It is expected that Sir John Bennett, of St. John's, Newfoundland, will address the convention.

Hon. Gordon S. Harrington, premier of Nova Scotia, accompanied by Mrs. Harrington, left Halifax recently for Montreal where they boarded S.S. Duchess of Bedford for a short holiday in the Old Country. During his absence, Hon. Percy C. Black will be acting premier of the province.

"It is not too much to say that any improvement in the revenues of the railroads will immediately make itself felt in all channels of trade and that the maintenance of railroad solvency will do more than any other domestic factor to restore strength to the nation's institutions," says an editorial in the Charleston, S. C., Post.

The "career open to merit" in railway affairs is well illustrated in the case of Charles H. Ewing, a railroader for 49 consecutive years, recently promoted president of the Reading Company. In 1883, at the age of 17, Ewing began his railroad career as a rodman in the employ of the Philadelphia & Reading Railway, now the Reading Company.

There were 447 moose and 959 deer shot in New Brunswick last year, according to figures contained in the annual report of Chief Game Warden H. H. Ritchie to the provincial Minister of Lands and Forests. There was also a very successful partridge season with a bag of 44,469 birds.

Warmer weather and generally favorable conditions point to normal development of the western wheat crop, according to the report of the agricultural department of the Canadian Pacific Railway. Virtually all of Manitoba's seed is in and Saskatchewan and Alberta seeding will be completed by the end of the third week of May.

Two famous globe-trotters, Dr Roy Chapman Andrews, noted anthropologist, and Bob Davis, New York Sun's world-girding correspondent, came together at Victoria recently on Canadian Pacific liner Empress of Canada, the former on his way to Peking and the latter travelling with Mr. Davis to Honolulu.

Success attending the inaugural cruise of S.S. Princess Alice last year to northern British Columbia and Alaska has led the British Columbia Coast Steamship service to provide another special Alaska cruise with the S.S. Princess Charlotte, leaving August 9 from Vancouver; it is announced by E. F. L. Sturdee, general passenger agent, Canadian Pacific Railway.

Capital, Labor, the learned professions, diplomacy and business were all represented in the passenger list of the Canadian Pacific liner Empress of Australia on arrival at Quebec recently. The list included Sir Charles Gordon, president of the Bank of Montreal; Tom Moore, president of the Trades and Labor Congress of Canada; F. E. Meredith, K.C., Dr Moser, consul-general for Czechoslovakia, and Colonel Hercule Barre, Canadian Government Trade Commissioner in Paris.

Residents of Maritime Province will have a fine opportunity of visiting Montreal's great Naval and Military Tournament, May 27-29, through a special low rate Canadian Pacific coach excursion leaving Saint John, Fredericton, Woodstock, St. Stephen and St. Andrews' May 27. Similar excursions over the same week-end are being operated by the railway from Vermont, and the Sudbury, Ontario, areas. (843)

Four stretches of New Brunswick trout and salmon waters were sold at the Department of Lands and Mines recently for prices totalling \$8,850. These leases for a term of 10 years are on the Restigouche, Kedgwick, Matapedia and Big Sevogle Rivers and prices paid are the annual rental charges.

Daylight saving time, commencing in Quebec and Ontario provinces May 1, occasioned little confusion on Canadian Pacific travel. Travellers have nowadays learned that the railways remain on standard time and govern themselves accordingly. The railway announced a number of train time alterations prior to the introduction of daylight saving.

From little Norfolk Island in the South Pacific, one of the smallest units in the British Empire, an excellent sample of beans for exhibition at the World's Grain Exhibition and Conference to be held at Regina July 1933, has just arrived. Norfolk Island is the scene of the punishment of the mutineers of the "Bounty" in 1856 but it has long ago changed from a penal to a prosperous settlement. (841)

It is probable that soil drifting will not be as great a problem this spring in Alberta as it was last year, nevertheless, the menace will undoubtedly re-occur from time to time and farmers should use every possible preventative measure.

Prof. Wyatt of Alberta University estimates that it would require from \$150 to \$250 worth of chemical fertilizer to replace the nitrogen lost from one acre by the blowing away of a layer of soil one inch deep. The removal of one inch of soil from the best farming areas in the province wastes 300 lbs. of phosphorous, 1500 lbs. of nitrogen, and 150 lbs. of organic matter. The phosphorous alone that is lost is equal to the amount removed from the soil by 20 crops of wheat each yielding 50 bushels to the acre. A pamphlet entitled "Soil Drifting and Its Control" has recently been issued by the University of Alberta and every farmer who is troubled by this menace should obtain a copy.

How It Works

One of childhood's choicest queries has ever been and ever will be: "How does it work?" and it seemed a wholly entralling idea to two young passengers, who recently travelled from Nottingham, England, to Lemberg, Sask., when Engineer Fred Munt, of the Canadian Pacific Railway invited them into the cab of his huge "2800" type locomotive. The young travellers were Walter and Willie Wilson, aged 12 and 10 years, who journeyed alone from their grandmother's home in the Old Country to join their mother. They crossed the Atlantic in the Canadian Pacific liner Montclare and the Dominion on C. P. R. lines, making many friends and seeing many absorbing sights en route. Picture shows the interested pair and their kindly tutor in a brief explanation of the mysteries of the gauges of the great engine. And what boy, either in Canada or England, would not envy them?

HOW MANY SUPERTWIST CORDS

1st prize . . . \$1,000.00 cash
2nd prize . . . \$500.00 cash
3rd prize . . . \$200.00 cash
4th prize . . . \$100.00 cash
5 prizes, each . . . \$50.00 cash
95 prizes, each . . . \$10.00 cash
104 prizes totalling \$3,000.00

\$3,000.00 GOODYEAR PRIZE CONTEST . . .

Here is a contest in which you have a chance to win \$1,000.00 or any one of 103 other prizes, without spending a cent of money.

Simply take a look at the six Goodyear Tires, which we have in a special display. These six tires are of various sizes, types and ply-thicknesses. Estimate the number of individual cords in each, find the total, and divide by six to get an average.

Submit the figure you get on a standard entry form. There is nothing for you to buy, nothing to pay.

A section of Goodyear Super-twist Cord material is on display

to help you make your estimate.

The exact number of cords in each of the Goodyear Tires has been deposited with a Trust Company. At the close of the contest the correct figures will be disclosed. The average of the numbers obtained by this official count must be accepted as final.

Anyone from a family where a car is owned is eligible to enter the contest—except tire dealers, rubber company employees and the families of each.

Closing date: June 5th, 1932.
Address: "The Goodyear Super-twist Cord Contest," New Toronto, Toronto 14, Ontario.

Happenings In and Around Arrowwood

Born—On Monday, May 30th, to Mr. and Mrs. R. Oliver, a son.

Don't forget the Sports Day Saturday, June 18.

Gladys Leonard spent the week-end at the home of Kathleen Thompson.

Rev. W. C. Lyle conducted the service in the United Church last Sunday.

Strictly fresh eggs always on hand at Frank Johnston's at 10c a dozen.

The Annual School Picnic will be held at the River on Saturday, June 11th.

Mrs. Rainville is able to be out again after an attack of the flu.

Mr. and Mrs. R. B. Jones, of Calgary, were Sunday visitors in Arrowwood.

Mrs. M. R. Leonard and Miss Marjorie Leonard were visitors in Calgary on Tuesday.

Come to Arrowwood June 18 and enjoy a full program of athletic events.

Joe Dumka and Russel Burris returned on Saturday from Calgary where they have been attending the Technical Institute.

See the Arrowwood Kiddies in their Dance Revue at the School on Friday, June 10th at 8 p.m.

Larsen Implements sold and delivered two tractors last week; one to Pinkerton Bros. of Mossleigh and one to Gailey Bros. of Queenstown.

Don't forget that the Good-Year Prize Contest closes on June 5th. Get your entry form from the Arrowwood Garage before it is too late. It costs nothing to try.

Mr. J. McDonald and two co-workers arrived in Arrowwood last week to repair the telephone lines in this vicinity. They expect to be here a month or six weeks.

Norman and Elenor Jennjohn have returned from Edmonton following their graduation from the University of Alberta. Mr. and Mrs. Jennjohn were in Edmonton for the graduation exercises.

Drop Fred Jones, of Gleichen a line and he will be pleased to call with samples. Progress Brand clothes, fit, quality and workmanship guaranteed. Calgary Knitting Co. Best knit goods on the market.

Mr. and Mrs. T. Visser and daughter of Okotoks spent Sunday with Mr. and Mrs. A. Horning and family. Mr. Visser is a contractor and it was he who constructed most of the derricks at Turner Valley.

Rev. Holmer Caskey will return to Arrowwood on Sunday and will conduct the evening worship in the Church of The Brethren at 8 o'clock. Rev. J. H. Brubaker will be the speaker in the morning. Please note the change in time of the evening services—8 o'clock instead of 7.30.

Prizes Offered for Destruction of Pests

Alberta department of agriculture is again offering prizes to the individuals and school groups and gun clubs which have the greatest success in the wiping out of the gophers, crows, and magpies.

Points are given as follows: For crows and magpies for each egg 4 points; for each gopher tail 1 point.

For gun clubs and similar organizations there are six prizes, ranging from \$200 down to \$25. Individual prizes totaling \$670 are also being given, with \$75 as first and others ranging down to include the 159 competitors.

There are five prizes in the competitions for schools, the first being \$70 and down to \$10 for 5th. Individual competitors in this section are also given prizes totaling 2300 dollars with 75 dollars for the highest and down to 50c each to the 466th to 3000th.

The WAGIN' TUNG

Vol. 1, No. 42 Arrowood, June 2, 1932 Items for That

How They Will Notice That "Old Tire"

Have you ever been equipped with four good tires and happened to have a badly worn tire for a spare? A good friend (?) comes along and remarks 'Your spare is just about shot, George,' but apparently fails to see the four good tires. Do you know that about nine out of ten of us will see the badly worn spare, while one of us sees the good things.
